J-Library

Reservoir of Tire Industry **Item ID** Information
to Automate Inventory Item Set Up

Goodyear, Michelin, Bridgestone, Yokohama
Over 300 Manufacturers with Nearly 100,000 Items

Automated **ITEM ID profile** setup.

Auto create a new **Item id profile** directly from:

- 'point of sale' screen
- 'receive stock' screen
- 'inventory setup' screen

Draws data from **J-Library** reservoir of tire industry information

- near **100,000** items, over 300 other manufacturers

Create a new **specific item id** individually

- or add **all sizes** for that specific **Manufacturer/Model**

Accessible from any JMK work station

Continuously updated to latest information.

Automatically ties directly into **manufacturer's web site**,
for added support information.

Consistent accuracy and setup/presentation standards

Ultimate time saver

- allowing for complete sales/purchase history tracking by **manufacturer's item id**.

Month-by-month subscription rates

- no long term contract requirements

Link to JMK-Alias for cross reference to major wholesalers (ATD, KTW, TCI, Finklestein and more) and also **GM Dealer** Network

Link to see a list of [manufacturers set up in J-Library](#).
